Hot New Erotica from Natasha Stories!  
Hi guys and girls!

Here is an excerpt from my new erotic short story "**Forced to Comply**." I hope you enjoy it!

Excerpt:

We were a mile or two out of town, and there were very few other vehicles on the road, but it suddenly occurred to me that driving by, they would only be able to see my face, and the face of the police officer behind me. Was that why he had forced me over to the passenger side of my car? So that he could search me as intimately as he wanted, and it would still be out of sight? With my hands securely handcuffed behind me there was absolutely nothing I could do.

His strong body pushed against mine, pinning me to the side of the car. His hand slid under my shirt and grabbed one of my breasts. Delicately but insistently he held my nipples between his fingers, rolling them and teasing them softly, moving from one to the other.

I was breathless. I hadn't been touched like that since I broke up with my cheating douche-bag of a boyfriend months before, and I had missed the way it felt to have a man's hands on my. Maybe it was just because everything in my life had been so messed up lately, or maybe it was just because the situation was so strange, or perhaps it was just because a handsome cop had handcuffed me and was groping my breasts, but I was instantly and intensely turned on. The stress of the week, my outrage and anger - everything entirely dissipated. All I wanted was for him to touch me more and more.

While one hand remained clasped on my tit, two fingers lightly pinching my nipple, his other hand slid down over my hip, until it slipped underneath my skirt. I drew in a trembling breath as I felt his hand caressing the inside of my thigh. Slowly. . . oh so slowly . . . it climbed up my legs, until it reached my ass.

One of my butt-cheeks was gripped forcefully by his powerful hand, kneading and massaging it in unison with the hand on my breast, while his muscled body held me securely in place against the car. Tingles of arousal shot through me, connecting my nipple to my ass. The control this man had over me turned me on more than I would have ever thought possible.

I couldn't talk. I couldn't think. I couldn't breathe. My sexual desire had taken complete possession of my mind and body, and I was helpless and eager while his hands were upon me.

'Forced to Comply' is a short erotic story of about **approximately 5,200 words**.

It includes XXX adult situations such as **reluctant seduction, handcuffs, bondage, sex with strangers, sex in public, rough sex, fucking and domination**.

From the Author: I have always had a sexual fantasy involving forced sex with a handsome police officer, so writing this naughty cop story was a lot of fun! I hope you enjoy reading it as much as I enjoyed writing it!
